* Adjusted to reflect all prior rate changes.

** Change in Company's premium level which will

Note: It is very difficult for Allstate to measure the impact of the change in our rating structure. Under our current rating structure we do not capture all of the data needed to rate a policy under the proposed rating structure. There are also significant coverage changes that are occurring so we are unable to accurately calculate a rate impact to the policyholder. This is why we have indicated 0%.
